What do you love about Spokane?

I have not found a more Veteran friendly community than Spokane. I value knowing that my brothers and sisters in service have access to the services and benefits they've earned.

What did you want to be when you grew up?

The Incredible Hulk - the Lou Ferrigno version was my favorite!

What was your first job?

Babysitting my little sister, but my first job that IRS and Social Security knew about was McDonalds! I started out as a bun toaster.
